STRATEGIC PLAN

Strategic planning is the integral component of good management. The strategic plan charts direction and guides the processer. Institution can develop strategies and action plans the details what will be accomplished to achieve, strategic planning goals and objectives every year. These action plans together with performance measures provide the strongest links between the academic years. The purpose of planning is to improve the chances of reaching desirable possible outcomes.

A strategic plan is a practical action oriented guide.

It develops a clear statement of the Institution mission and vision identifies a set of goals and objectives and formulates key strategies that address those factors that are essential to the Institution's success. Key strategies also indicate the major undertaking that will reposition the Institution for the future.

Vision

To make SBMJC – KGF, a nurturing ground for holistic development of the young mind by providing intellectual nourishment and wholesome education to develop emotional stability and strength to respond creatively to the challenges of work full of relentless competition.

Mission

To develop SBMJC – KGF into a campus of excellence to strive for continuous improvement, to provide quality education, to help students achieve not only good career but also achieve all round development of personality to face challenges of a work full of relentless competition.
