### Bharat Fiber (FTTH) Overview

Bharat Fiber (FTTH) is a unique technology being deployed by BSNL for the first time in India. The fibre connectivity having unlimited bandwidth and state of the art technology provides fix access platform to deliver the high speed broadband from 256 Kbps to 100 Mbps, IPTV having different type of contents like HDTV and future coming 3D TV and range of voice telephony services. It provides a comprehensive solution for the IP leased line, internet, Closed User Group (CUG), MPLS-VPN, VoIP, video conferencing, video calls etc whatever the services available on the internet platform, bandwidth on demand can be delivered by this connectivity to the without changing the access fibre and home device. Customer will get a CPE called Home Optical Network Termination (HONT) consist of 4X100 Mbps Ethernet ports and 2 normal telephone ports. Each 100 Mbps ports will provide broadband, IPTVs, IP Video call and leased line etc as required by the customers. Customer will get power back unit having full load backup of four hours and normal backup of three days. This power backup will be AC input and connecting to the HONT on 12V DC.

Apply for Bharat Fibre by clicking on the image given below

# Total Security

Securing Digital India

Free Version Upgrade

100% Zero Day Protection

Enhanced Cerebro Technology

Advanced Internet security for your system and valuable data
