

**SRI BHAGAWAN MAHAVEER JAIN FIRST GRADE COLLEGE**  
Geetha Road, Robertsonpet, Kolar Gold Fields – 563 122

**7.1.6. Rain Water harvesting structure to recharge the bore well in the college:**

The Institution had designed a Roof Top method for Rain water harvesting and sustainable **Water Resource Management** by installing rain harvesting plant in the college to filter the rain water collected in the terrace and is connected to the bore well to recharge it and to increase the ground water level. The following Seminars and Extension Activities are conducted to sensitize the students towards conservation of water.

**Rain Water used to recharge the Bore well**
