Department of Computer Science

Title of the Practices	Encouraging the students to participate in industry oriented competitions like IBM, Code vita of TCS and Competitions of Microsoft etc.
Objectives of the Practice	Expose the students towards real word problems and encourage them to propose novel solutions
Context	Most of the software industries claim that most of the degree students coming out of the respective colleges are not having enough skills to get employment. They claim that degree curriculum is not considering the industry needs. The industry has to spend considerable amount of their resources and time for extending training to their fresh employed graduates.
Actual Practice	Department get benefit to explore real time projects and problems through mentors. Students get benefit of exploring state of art tools and technologies and Industry can greatly reduce resources
Evidence of Success	Some of the students got training is getting offer letters from various IT companies for joining on the basis of course completion before the results are declared
Obstacles	Making them to realize to put extra effort beyond curriculum was a real challenge
Strategies Adopted	Conduct of workshops and conferences periodically on thematic areas

Library and Information Centre

Title of the Practices	Computerization of Library with standard software
Objectives of the Practice	To facilitate the library staff in their day to day functions
Context	Standard software, Server, Client, LAN, Printer & Library staff
Actual Practice	All the data nearly 12,713 catalogue entries & 970 membership details were done by The library staff and the transaction are being done with the help of circulation module.
Evidence of Success	Most of the faculty have adopted the usage of N-List. Students acquire information regarding their respective subjects using the college library website.
Obstacles	The software is user friendly, it improved the quality of services, and statistics is easily Maintained but there are still many areas which we need to work are Web OPAC, Periodical entry, Digital Module.
Strategies Adopted	N-List, OPAC and EasyLib are adopted.
