STRATEGIC PLAN

Strategic planning is an integral component of good management. The strategic plan chart directs and guides the processer. The Institution can develop strategies and action plans are implemented to accomplish and achieve goals and objectives every year. These action plans together with performance measures provide the strongest links between the academic years. The purpose of planning is to improve the chances of reaching the desirable possible outcomes.

A strategic plan is a practical action oriented guide. It develops a clear statement of the Institution's mission the vision indentifies a set of goals and objectives it formulates key strategies that address those factors that are essential for the institution's success. Key strategies also indicate the major undertakings that will reposition the Institution for the future.

Vision

To make SBMJC-KGF, a nurturing ground for holistic development of the young mind, by providing intellectual nourishment and wholesome education to develop emotional stability and strength to respond creatively to the challenges of work full of relentless competition.
