## Overview

The Institution has created an ecosystem for innovation and transfer of knowledge through online using digital technologies and offline mode to nurture talent among the young minds. The research and IPR Cell is an integral part of the Institution which regulates research activities. The students present papers in National Conference. Online and offline mode of Webinars, Workshops and Guest Lectures, were conducted to upgrade the knowledge of the students. The students pursue various online courses NPTEL platforms with campus memberships. Flyout-a workshop was organized to enrich the young minds with the knowledge of corporate sector. Nutrition week, World Environment Day and World Cancer Day was observed to create awareness. Incubation and start up as a part of entrepreneurship development was organised. Small ideas with big innovation were discussed among them; students participated enthusiastically in this knowledge sharing session. Field visit to the local MG market helped the students to interact with the vendors and understand their techniques. Interclass seminar is organised to help students to improve their communication skills. Alumini Shared the real time work experience of company, and explained about the new technologies and platform of different software's. The institution constantly strives to inculcate creative and innovative ideas.

**DEPARTMENT OF PHYSICAL SCIENCE**

**NATIONAL WEBINAR ON DIVERSE APPROACHES FOR THE SYNTHESIS OF NANO  
PARTICLES**

The Department of Physical Science, in association with IQAC and Research Cell, organized a National webinar on the topic "Diverse Approaches for the Synthesis of Nano Particles" on 31/05/2023.

The resource person was Dr. Y. S. Vidya, Head, Department of Physics, Lal Bahadur Shastri Government First Grade College, R T Nagar, and Bangalore. She was a recipient of a Young Scientist Award by VGST, the Government of Karnataka in 2014-2015. She spoke about different methods for the synthesis of Nano particles like Combustion, Sol-Gel, and Chemical Co-Precipitation, Chemical Vapor Deposition method etc. and their merits and demerits.

198 Students, Research Scholars and faculty of various colleges from different states, like Andhra Pradesh, Telangana, Tamil Nadu and Karnataka, registered and took part in the webinar. E-certificates were provided for the participants.

## DEPARTMENT OF COMMERCE (PG) FIELD VISIT

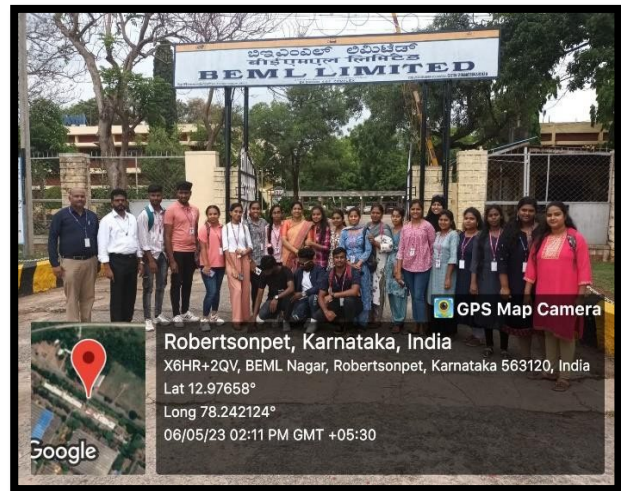

**Date: 06/05/2023**

**Number of participants: 70**

**Place: BEML, K.G.F**

An industrial visit, also known as an industrial tour or field trip, refers to a visit made by students or professionals to an industrial facility or organization. The purpose of an industrial visit is to provide participants with practical exposure and firsthand experience of various industrial processes, operations, and technologies. Our college is arranged with such industrial visit to BEML Ltd. KGF complex, on 06/05/2023 to all the 1<sup>st</sup> and 2<sup>nd</sup> year M.com students.

During an industrial visit, participants (70 students) have the opportunity to observe and learn about the functioning of different departments, manufacturing processes, machinery, quality control systems, and safety measures. They can interact with industry professionals, ask questions, and gain insights into the real-world application of theoretical concepts learned in classrooms or textbooks. They are also beneficial for professionals seeking to enhance their industry-specific knowledge or stay updated with the latest trends and innovations.
