Orientation Program on NPTEL-SWAYAM

14th July 2023

Online Certification Courses

National Programme on Technology Enhanced Learning (**NPTEL**) is a project of MHRD initiated by seven Indian Institutes of Technology (**Bombay, Delhi, Kanpur, Kharagpur, Madras, Guwahati and Roorkee**) along with the Indian Institute of Science, Bangalore in 2003, to provide quality education to anyone interested in learning from the IITs. **The main goal was to create web and video courses in all major branches of engineering and physical sciences at the undergraduate and postgraduate levels and management courses at the postgraduate level.**

Courses provided through online portal, 4-, 8-, or 12-week online courses, typically on topics relevant to students in all years of higher education along with basic core courses in sciences and humanities with exposure to relevant tools and technologies, are being offered. The enrolment to and learning from these courses involves no cost. An in-person, proctored certification exam (optional) will be conducted at Rs. 1000/- per course and a certificate is provided through the participating institutions and industry, when applicable.

LC id of Sri Bhagawan Mahaveer Jain first Grade College is 3007

National Level Webinar on Intellectual Property AI and ML

26th May 2023

The IQAC Cell in association with Computer Science organized National Level Webinar on the topic: Intellectual Property AI and ML on 26th May 2023

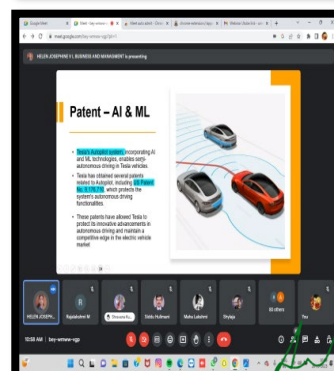

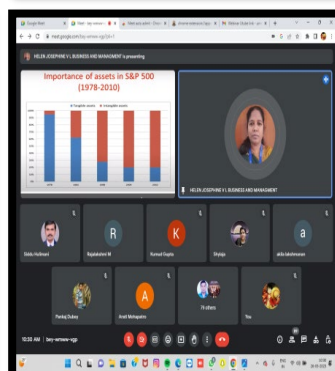

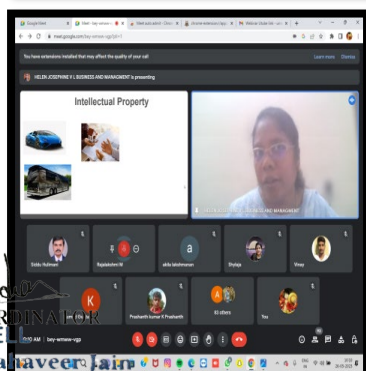

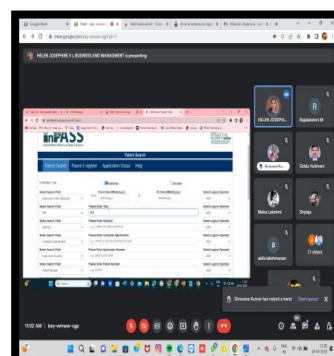

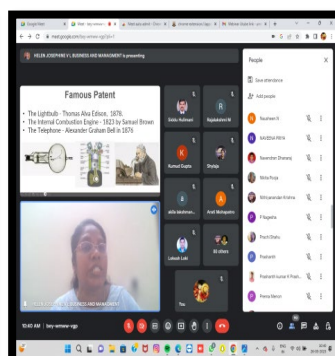

The main Objective of the webinar: Intellectual property (IP) systems have been designed to incentivize human innovation and creation. Until very recently such innovation and creation was one of the defining characteristics of the human species.

As artificial intelligence (AI) continues to emerge as a general-purpose technology with widespread applications throughout the economy and society, this poses fundamental questions that sit at the heart of the existing IP systems. Does AI innovation and creation need IP incentives? How should the value of human invention and creation be balanced against AI innovation and creation? Does the advent of AI require any changes to the existing IP frameworks?

648 students were registered.

Resource Person Spoke about:

- Intellectual Property Rights (IPRs) are the rights associated with intangible property owned by a company or person and protected against use without consent.
- Rights relating to ownership of Intellectual property.
- Aim to protect Intellectual Property (Creation of human Intellect) by allowing the creators of trademarks, patent, or copyrighted works to benefit from their creations.
- Need of IPR: Encourages innovation, Economic growth, Safe guard the rights of creators, Ensure ease of doing business, facilitating the transfer of business.
- Important of assets in S & P 500 (1978 To 2010)
- Wipro harmonizes global policy and protects IPR across borders.
- IPR Classification.
- Patent.
- Famous Patent.
- Artificial Intelligence.
